

## World's First Blockchain and Cryptocurrency Powered Business As A Service "BaaS" Platform

Blatform is an ecosystem of Blockchain Powered Business As A Service Platforms.

Blatform will offer ready-to-work, off-the-shelf platforms to entrepreneurs to start a new business in days.

Blatform, makes it possible for an entrepreneur to start a business with minimum investment.

### What is a BaaS Platform?

BaaS Platform "BP" is a ready to run "off the shelf" business.

Blatform will setup all the software and hardware components and do all the integrations in advance, covering all the third parties to run the platform.

In a classic White Label Approach after hiring the platform you need some more third-party integrations and accounts too, but in Blatform you will only select what you want, upload your Logo, read the training manuals and start your business in days.

## Blockchain Business Platforms "BBP"

BaaS Platforms are complete Cloud Services like White Label Services that covers everything to run a business, based on blockchain and cryptocurrency.

One major difference for Blatform's BaaS Platforms are that the platform is installed separately and all computing resources that platform run are dedicated to the owner of the service.

## Platform Partner Model

### Platform Marketplace

Blatform will also open the total infrastructure to all Blockchain Technology and Service Developers who want to create Platforms at Blatform. This way Blatform Platform Partner will create services on Blatform and will open it worldwide to Blockchain & Cryptocurrency Community, Entrepreneurs and Companies.

## Business as a Service Model

Blatform is installing and operating everything, Business Partner only needs to deal with customers.

## Pricing for Blatform Platforms

Blatform Platform price will practically be free to support entrepreneurs who want to start a business based on Blockchain Ecosystem.

Major financial condition is; Blockchain Business Platform User need to lock fiat currency equivalent amount of Blatform Tokens on the Blatform Management Platform.

- If the user stops the service, user will be able to get the locked tokens %100 back
- If staked Blatform Token's USD value passes the staked amount needed for running the platform, user will be able to withdraw the difference from the platform
